

## VKP-132 voltage detector

Product description:

Type mark:

VKP-132

Rated voltage:

132 kV

Threshold voltage:

$13.2 \text{ kV} \leq U_k \leq 59.4 \text{ kV}$

Nominal frequency:

50 Hz

Outdoor version, L class

(sensor end extension

version without)

Climate class:

N (-25 to +55Co)

Applicable standard:

MSZ EN 61243-1

Supply voltage:

9 V (6F22; 6LR21)

Operating current consumption:

20mA

Quiescent current recording:

2 A

Indications:

Light and sound

Display group:

III ("voltage present" state indication,  
which has standby status)

Insulating rod of voltage detector:

VK-TR-C-2500
